GENERAL INDUSTRY STATISTICS

(CFC1) Annual Capacity and Fiber Consumption Survey, Price: \$1,800

This report presents aggregate U.S. capacity totals for major grades of paper, paperboard and wood pulp from a comprehensive annual survey of each U.S. mill. The report includes a summary of annual capacities; capacity by grade, both annual and at year-end with available days and daily rate; historical capacities and announced capacity changes. The report also provides industry fiber consumption by type including wood pulp and recovered paper as well as pulpwood. Included in the report is recovered paper consumption by end use, with a look at actual consumption as well as future consumption. Definitions and concepts are supplied. This report is available in PDF format.

(PPB2) Annual Statistics of Paper, Paperboard and Wood Pulp, Price: \$2,775

Found in this report is a broad range of paper industry-related statistics pertaining to production, consumption, trade, and capacity. Also available in this report, are U.S. International trade related data, fiber related data, employment, wage and productivity related data and financial and capital expenditure related data. Useful web reference, definitions and grade descriptions are also included in this report. This report is available in PDF format.

(PPB1) Monthly Statistics of Paper, Paperboard and Wood Pulp, Price: \$2,400 per year

This monthly report covers all major grades of paper, board, and pulp. Data elements include production, inventory, operating rates, recovered paper consumption, U.S. imports/exports, producer price index data, and some seasonally adjusted production data. It is ideal for analysts who want a statistical overview of the paper industry in one report. However, it is not as timely or as detailed as AF&PA's product-specific reports. This report is available in PDF and Excel Format

(I4) Monthly Exports/Imports Report, Price: \$300 per year

The year-to-date exports and imports of pulp, paper, paperboard and converted products by world regions are available in this report. Included with the shipments are the dollar value and the percent changes over same time last year. Source data are from U.S. Bureau of the Census. This report is available in PDF format.

CONTAINERBOARD

(CB1) U.S. Containerboard Monthly Executive Summary and Snapshot Reports, Price: \$1,450 per year

The report provides a snapshot of pertinent containerboard data and is a summary of "U.S. Containerboard Monthly Report" listed below. The report presents total production and inventory of major containerboard groupings for current month, same month, previous year and current year-to-date. The daily average percent change supplies a quick monthly comparison reference point. This report is available in PDF format.

(CB3) U.S. Containerboard Monthly Report, Price: \$3,600 per year

Provides a wide range of relevant containerboard related data. The report contains monthly and year-to-date production for virgin and recycled types of linerboard and medium; monthly and year-to-date data on domestic and export production, operating rates, and containerboard inventories at mills. This report is available in PDF and Excel format.

(CB8) U.S. Containerboard Annual Summary & Basis Weight Survey, Price: \$725

A summary report, with two sections, details significant annual containerboard statistics. The first section contains annual containerboard data, including production, inventory and capacity by grade, over a 16-year period. Production by basis weight, for member companies, is reported in the second section. The basis weights data are reported by linerboard and medium over a similar time span and help to gauge the shifting in basis weights being produced. Charts provide quick visual reference. This report is available in PDF and Excel format.

(CB9) U.S. Containerboard Annual Time Series (10 years), Price: \$1,450

This report is used to evaluate long-term cyclical changes that are reflected in seasonally adjusted monthly industry data. Also provided is a historical time series of both adjusted and unadjusted monthly data on containerboard production and inventory data over a 10-year period. This report is available in PDF format and Excel format.

(CB12) North American Containerboard Monthly Report, Price: \$525 per year

Reports total U.S. and Canadian containerboard production, shipments, operating rates, and inventory levels. Also includes export shipments and net intra-North American trade. This report is a joint effort, with Canadian mill data being supplied by Paper Packaging Canada. This report is available in PDF format.

(CB13) U.S. Containerboard Monthly Shipments Report, Price: \$725 per year

This report is available only to purchasers of the U.S. Containerboard Monthly Report. The data are presented as shipment tons, billions of square feet and average basis weights (calculated using total pounds divided by reported shipments in thousands of square feet). This report is available in PDF format.

(IEM2) Monthly Paperboard Exports from the United States, Price: \$450 per year

The report presents year-to-date shipments exports for Kraft linerboard and bleached Kraft paperboard ranked by difference in shipments amounts. The dollar amounts of the shipments are available. Source data are from U.S. Bureau of the Census. This report is available in PDF format.

KRAFT PAPER

(KR1) Kraft Paper Monthly Report, Price: \$2,175 per year

Current month's and YTD shipments are presented for all major grades. Total mill and warehouse inventories for containerboard and unbleached and bleached Kraft paper. Imports of unbleached and bleached Kraft paper. Information is provided on operating rates. Charts and graphs appear within the report. This report is available in PDF and Excel format.

(KR7) Imports of Kraft Multiwall Roll Stock and Bags, Price: \$300 per year

Presents monthly and year-to-date imports of detailed Kraft paper grades. Imports are reported in both shorts tons and by dollar value. Data from U.S. Bureau of the Census. This report is available in PDF format.

PAPERBOARD

(PB1) Solid Bleached and Recycled Boxboard Weekly, Price: \$2,875 per year

Provides a snapshot of the solid bleached paperboard industry. Details weekly production and unmade orders data as well as operating and activity rates. This report is available in PDF format.

(PB2) Recycled, Solid and Unbleached Boxboard Monthly, Price: \$2,875 per year

Provides monthly production data and operating rates for bleached, unbleached and recycled boxboard. Contains monthly and YTD comparison data on domestic and export board production. Breaks down monthly boxboard production by end-use. This report is available in PDF and Excel format.

(PB2A) Paperboard Monthly - By Furnish, Price: \$725 per year

Reports monthly boxboard production and operating rates by furnish: Unbleached, Solid Bleached, Semichemical, and Recycled. This report is available in PDF and Excel format.

(PB3) Bleached Boxboard Monthly Export Shipments, Price: \$725 per year

By grade, monthly and YTD port of embarkation and country of destination. Data from U.S. Bureau of the Census. This report is available in PDF format.

(PB5) Boxboard Annual Statistical Summary and Time Series, Price: \$1,450

Contains annual production of Paperboard by grades, domestic and export, over a 20-year period. Includes recycled board production and capacity by grade; monthly data by grade with seasonal adjustment analysis. This report is available in PDF format.

(PB6) Recycled Boxboard Weekly, Price: \$3,600 per year

Provides a snapshot of the recycled boxboard industry. Details production and unmade orders data for both coated and uncoated recycled boxboard. Also provides operating and activity rates. This report is available in PDF format.

(PB7) Solid Bleached Board Monthly, Price: \$1,150 per year

Provides monthly production data, operating rates and inventory for solid bleached Kraft paperboard. Contains monthly and YTD comparison data on domestic and export production. Breaks down production by end-use. This report is available in PDF and Excel format.

(PB9) Recycled Boxboard Monthly, Price: \$1,150 per year

Provides monthly production data and operating rates for recycled boxboard. Contains monthly and YTD comparison data on domestic and export board production. Breaks down recycled boxboard production by end-use. This report is available in PDF and Excel format.

PRINTING-WRITING PAPER

(PW2) Printing-Writing Monthly Report, Price: \$3,850 per year

This report shows shipments by grade and end use, mill inventories and gross dollar value for a 13-month period. The report also contains import/export data as well as apparent demand information. The report is printed around the 20th of each month. This report is available in PDF and Excel format.

(PW2C) U.S. Printing-Writing Inventories, Purchases, and Consumption Overview Charts, Price: \$725 per year

These charts are available only to purchasers of the Printing-Writing Monthly Report. This report is available in PDF and Excel format.

(PW11) Printing-Writing Monthly North American Offset-Opaque Report, Price: \$1,525 for PW2 subscribers; \$1,950 for non-subscribers

This report contains data on offset-opaque paper shipments and inventory levels for North America (the United States and Canada). The report is published monthly one business day after the Printing-Writing Monthly Report (PW2). This report is available in PDF and Excel format.

(PW3) Solid Bleached Bristols & Bleached Paperboard Monthly Report, Price: \$1,025

Shipments and production of bleached Bristols and bleached paperboard. This report is available in PDF and Excel format.

(PW4) Preliminary Printing-Writing "Flash" Report, Price: \$2,050 per year

This report shows shipments of four major grades (Uncoated Mechanical, Coated Mechanical, Coated Free Sheet and Uncoated Free Sheet) for current month, previous month, same month a year ago and the year to date data. The report comes out on the 11th of the month. This report is available in PDF format.

(PW5) Printing-Writing Imports by Source and Port of Entry Monthly Report, Price: \$600

Imports for current month and YTD in tons; also dollars and dollars per ton. The report is in a convenient to use Excel format, including summary tables, pivot tables and raw data. Data from U.S. Bureau of the Census.

(PW16) Printing-Writing Exports by Destination and Port of Embarkation Monthly Report, Price: \$600

Exports for current month and YTD in tons; also dollars and dollars per ton. The report is in a convenient to use Excel format, including summary tables, pivot tables and raw data. Data from U.S. Bureau of the Census.

(PW17, 18) Bristol Imports and Exports including Port Detail Monthly Report, Price: \$600 (for both)

Bristol imports and exports for current month and YTD in tons; also dollars and dollars per ton. The report is in a convenient to use Excel format, including summary tables, pivot tables, charts and raw data. Data from U.S. Bureau of the Census. This report is also available in PDF format.

(PW7) Printing-Writing Annual Time Series, Price: \$1,725

This report is used to evaluate long-term cyclical changes that are reflected in seasonally adjusted industry data. Includes industry shipments for various printing-writing grades and end-uses of interest. This report is available in PDF and Excel format.

(PW8A) Annual Uncoated Free Sheet Survey, Price: \$775 for PW2 subscribers; \$1,200 for non-subscribers

Industry shipments of uncoated free sheet by basis weight, rolls vs. sheets and cut-size, brightness and colors. This report is available in PDF and Excel format.

(PW8B) Annual Bleached Bristols Survey, Price: \$775 for PW2 subscribers; \$1,200 for non-subscribers

Industry shipments of solid bleached Bristol grades by basis weight, caliper, rolls vs. sheets, finishes, method of distribution and end-uses. This report is available in PDF and Excel format.

(PW8C) Annual Coated Papers Survey, Price: \$775 for PW2 subscribers; \$1,200 for non-subscribers

Industry shipments of coated free sheet and coated mechanical by basis weight, rolls vs. sheets, finishes, method of distribution and method of print. This report is available in PDF and Excel format.

(PW19) Printing-Writing Annual Statistical Summary, Price: \$1,725

Industry shipments and U.S. purchases by grade; compared to GDP and U.S. industrial production; by end-use; method of print; and import and export data. This report is available in PDF format.

RECOVERED PAPER

(PR1) Recovered Paper Monthly Report, Price: \$3,600 per year

Domestic receipts, consumption, inventory, imports and exports of recovered paper by grade; graphics; month and YTD. This report is available in PDF and Excel format.

(PR2) Recovered Paper Stock Monthly U.S. Export & Import Report, Price: \$1,975 per year

Recovered paper exports by grade, year, month, port of embarkation and country of destination for the current and prior year; historical exports by grade, year and destination for the past 10 years; monthly U.S. imports by grade, year, month and country of origin for the current and prior year. The report is in a convenient to use Excel format, including summary tables, pivot tables, charts and raw data. Data from U.S. Bureau of the Census. This report is available in Excel format.

(PR3) Annual Statistical Summary of Recovered Paper Utilization, Price: \$1,200

Includes consumption of recovered paper by end use and region for the five major grade categories within the U.S. for the past 10 years; exports to the top destinations for the past 10 years and for all U.S. ports of embarkation; U.S. recovery rate and utilization of recovered paper in paper and paperboard manufacture for the past 10 years. This report is available in PDF format.

(AFC) Annual Fiber Consumption Survey, Price: \$1,050

Industry fiber consumption by type, including wood pulp and detailed recovered paper information. Includes consumption of pulpwood used in wood pulp manufacture, as well as consumption of recovered paper by end product. Includes figures for the past year, as well as projections for 3 future years. This report is available in PDF format.
